OUR VISION

To catalyze a sustainable revolution by empowering individuals and businesses to make conscious choices that heal our planet.

OUR MISSION

- Connect, educate, and empower individuals and industries
- Foster a culture of sustainability
- Provide a platform for knowledge sharing and collaboration
- Facilitate access to sustainable products and services
- Contribute to the preservation and restoration of our ecosystem
- Drive awareness and sustainable adoption through innovative networking
- Make a lasting, positive impact on our planet

The Summit on Sustainability (SoS) is India's premier platform uniting industry, policymakers, and innovators to tackle pressing environmental challenges. This November, join the conversation on cutting-edge solutions for a cleaner, greener India. Backed by Pollution Control India and leading institutions like IIT Madras, SoS brings together ESG experts, tech pioneers, policymakers, and industry leaders to drive sustainable growth. The Summit on Sustainability, presented by Pollution Control India, serves as a platform to showcase India's commitment to sustainability.
